Designed by Novality Crochet Studio

Momo the Loaf Cat

A cat folded into a perfect loaf. One no-sew piece on an oval base – ears crocheted onto the head and the tail worked off the body, so nothing is sewn on.

No-sew body

Advanced beginner

2 - 2.5 hours

FINISHED SIZE

About 7.9 cm (3.1 in) long, 5.2 cm (2 in) wide and 4.3 cm (1.7 in) tall – a low, wide loaf, wider than it is tall (about 1.2 : 1).

Before You Begin

SAFETY - READ THIS FIRST

Momo has two 8 mm safety eyes – small parts. Lock the washers firmly from the inside and pull-test each eye. Embroidering the eyes is safer, but it does not make Momo a tested toy: not tested to ASTM F963 or EN 71, so do not describe finished Momos as "baby-safe". For a child under three, embroider and say "embroidered, no small parts". The ears and tail are worked into the body (stronger than sewing), but still weave every end in at least 5 cm and knot the embroidery floss inside.

Materials

- **Main yarn** Worsted #4, about 10 g. Grey, ginger, cream or black – all sell equally well. One 25 g ball makes two.
- **Contrast** Small amounts of white for the chest and paws, pink for the nose and inner ears.
- **Hook** 3.5 mm (US E-4) – tight gauge so stuffing cannot show.
- **Eyes** 2 x 8 mm safety eyes, or embroider in black.
- **Also needed** Polyfill about 10 g; tapestry needle; stitch marker; black embroidery floss.

Gauge & size

Gauge: about 4.5 mm per stitch and 4.3 mm per round. Finished size about 7.9 cm long, 5.2 cm wide and 4.3 cm tall – a low, wide loaf. The 48-stitch oval base sets the whole size of the cat.

Abbreviations

MR magic ring
sc single crochet
dec invisible decrease
BLO back loop only
(n) stitch count

ch chain
inc 2 sc in one st
sl st slip stitch
FO fasten off

Core Techniques

- 1 Around a chain (oval base)**

THE step that makes the loaf. Crochet into BOTH sides of a starting chain: across the front, corner increases into the last chain, then back along the opposite side and into the last loop. That turns a chain into a flat oval instead of a strip. Do NOT use a magic-ring circle here – a round base gives a sphere every time.
- 2 The magic ring**

Used for the tail's first stitches. Wrap yarn around two fingers, pull up a loop and work the round into the ring, then pull the tail tight.
- 3 Work in a spiral**

No joins and no chain 1 between rounds; move the marker up each round – there is no join to count from.
- 4 Back loop only (BLO)**

Work into the far loop only; the unused loops form a raised ridge – the visible edge where the oval base meets the walls. That ridge is what makes the loaf read as folded rather than moulded.
- 5 The invisible decrease**

Front loops only of the next two stitches, yarn over and pull through both, then yarn over and pull through the remaining two. Every dec here is worked this way.
- 6 Flat rows (ch 1, turn)**

The ears are not worked in the round: chain 1, turn, and work back along the row. Each row is shorter than the one before, forming the ear point.
- 7 Working into body fabric**

The tail starts by pushing the hook through the finished body wall – go under a WHOLE stitch, not just one loop, or it will pull out.

Body - oval base, then walls

The base is worked up to 48 stitches before the walls begin; the base size sets the whole cat. Stopping at 36 gives a body about 34 mm across that comes out tall and round no matter how you stuff it.

RND	INSTRUCTION	STS	NOTE
Found.	ch 9	chain	-
R1	sc in 2nd ch, sc in next 6, 3 sc in last ch, sc in next 6, 2 sc in last loop	(18)	around both sides of chain
R2	inc, 6 sc, inc x3, 6 sc, inc x2	(24)	
R3	sc, inc, 6 sc, [sc,inc] x3, 6 sc, [sc,inc] x2	(30)	
R4	2 sc, inc, 6 sc, [2 sc,inc] x3, 6 sc, [2 sc,inc] x2	(36)	
R5	3 sc, inc, 6 sc, [3 sc,inc] x3, 6 sc, [3 sc,inc] x2	(42)	
R6	4 sc, inc, 6 sc, [4 sc,inc] x3, 6 sc, [4 sc,inc] x2	(48)	BASE AT FULL SIZE
R7	BLO sc around	(48)	ridge = base edge
R8	sc in each st around	(48)	eyes at R8 - R9
R9	sc in each st around	(48)	stuff firmly from here
R10	[6 sc, dec] x 6	(42)	
R11	[5 sc, dec] x 6	(36)	
R12	[4 sc, dec] x 6	(30)	ears worked onto R12
R13	[3 sc, dec] x 6	(24)	
R14	[2 sc, dec] x 6	(18)	
R15	[sc, dec] x 6	(12)	top up stuffing
R16	dec x 6	(6)	close via front loops

Finish: thread the tail through the front loop of each of the 6 remaining stitches, pull tight, knot and bury. Shape check: the base is an oval about 79 mm long and 52 mm across; the walls add ten rounds of height, so the finished loaf is about 43 mm tall - wider than it is tall.

2. Ears - worked onto the head, make 2

Join the main yarn to the head at Rnd 12, leaving about 6 stitches between the two ears, and work each ear as three short rows: Row 1 – sc in next 5, ch 1, turn [5]. Row 2 – dec, sc, dec, ch 1, turn [3]. Row 3 – dec, sc [2] – the ear tip. FO with a short tail; pull it through the 2 tip stitches to close the point and bury inside the head. Each row consumes exactly what the row before produced (5 → 2+1+2=3 → 2+1=2 ends 2). Embroider a small pink triangle on the front of each ear for lining.

3. Tail - worked off the body

Join the main yarn to the back of the body at about Rnd 9 on the centre line. Insert the hook under a whole body stitch, pull up a loop, and work the first 4 sc into the body fabric in a tight square; then continue in a normal spiral off those 4 stitches: Rnds 1-8 are 4 sc in each round. Do NOT stuff – a thin tail curls around the loaf far better than a stuffed one. FO and bury.

4. Face & markings

- **Eyes** fix the 8 mm eyes between Rnds 8 and 9, about 7 stitches apart, LOW and wide on the front (7 sts ~ 32 mm, roughly 60% of the body width). Low eyes read as a cat; high eyes read as a bear.
- **Nose** a small pink triangle centred between and just below the eyes, with two short stitches angled down from the point for the mouth.
- **Whisker dots** three tiny black French knots on each side of the nose.
- **Chest & paws** with white yarn, embroider a soft oval on the chest and two small ovals at the front of the base for tucked paws – this is what turns a plain loaf into a cat.

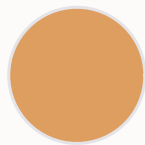

Long, low and wide – the BLO ridge and tucked paws make the loaf read as a folded cat.

Colorways that sell

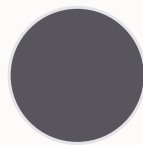

Grey tabby

Orange ginger

Cream

Black

Calico

Grey tabby, orange ginger, cream, black, and calico (grey base with ginger and cream patches embroidered on afterwards). Listing all five as photos in one listing outperforms separate listings – buyers choose a cat, not a pattern.

Troubleshooting

- **It came out round.** You stopped increasing at Rnd 4 instead of Rnd 6, worked too many plain rounds at Rnds 8–9, or used a magic-ring base instead of the oval. The base must reach 48 stitches.
- **Tall and narrow.** The base did not reach 48. Count the stitches at Rnd 6 before the BLO round – that one number decides the whole shape.
- **Ears lean back.** Join the yarn one round lower and angle the first row slightly forward.
- **Tail falls off.** The first 4 sc must go through the body fabric under a whole stitch, not just one loop.
- **Stuffing shows.** Go down to a 3.0 mm hook – loose gauge on 3.5 mm is the usual cause.
- **Face looks like a bear.** Eyes too high and too close. Drop them a round and widen to 7 stitches.

You may

Make as many finished Momos as you like for yourself, gifts, or charity. Sell physical finished items made from this pattern in small batches, in shops, markets and online, provided credit is given to "Novality Store".

You may not

Do not resell, share, redistribute, translate, rewrite, publish or upload this digital PDF or its contents in any form. Do not alter, copy or recolor the pattern and claim it as your own. Do not use the Novality Store name, logo or photos beyond crediting the pattern. Do not mass-produce finished items commercially without written permission.

Safety reminder

Not tested to a toy-safety standard (ASTM F963 / EN 71) and uses 8 mm safety eyes. Finished items sold for children must be assessed against local toy-safety laws; for young children, embroider the eyes and secure every end.

Happy crocheting!

Tag your makes with #NovalityStore and #MomoTheLoafCat – we love seeing your loaves. Thank you for supporting an independent pattern designer.
